Experience

Trung Nguyen Legend – Instant Coffee Packaging Concept | Graphic Designer & 3D Motion Artist (school project)

Redesigned the visual identity and packaging system for Trung Nguyen Legend's instant coffee line, blending traditional heritage with modern aesthetics.

Applied advanced 3D visualization and motion techniques in Adobe After Effects to map 2D design assets onto realistic 3D packaging models.

Conducted market research to refine color palettes, delivering commercial-grade visual assets and promotional mockups using Photoshop and After Effects.

Experience

2. Anime Typography Video – "Hero" | Video Editor & Motion Designer (school project)

Made a lyric typography video combining the song "Hero" with scenes from A Silent Voice.

Used Adobe After Effects to make the text move to the music beats and add 3D camera effects.

Planned storyboards and timed video cuts to make the story match the music smoothly.
